

Penang is a vibrant State with its capital, George Town, having the rare distinction of being a UNESCO World Heritage Site. It is a true melting pot of cultures with its blend of Eastern and Western influences. Retaining many of the values adopted during its era of British rule, Penang bears a charm that is unique to itself.

A bustling city where excitements and festivities never end, whether you are drawn to the drama of a street parade, the spirituality of a prayer ritual or the beauty of an avant-garde theatre performance, there is bound to be an event around the corner waiting to be experienced. The people in Penang celebrate all year round festivals including religious, cultural and arts. These festivals happen almost every month; such as the acrobatic lion dances during Chinese New Year, the intricate weaving of Ketupat (rice dumplings) during Hari Raya Aidilfitri (Eid Mubarak) and the unbelievable body piercings that are seen during Thaipusam (a Hindu religious festival). Home-grown arts festivals are increasingly popular with global travellers such as the highly anticipated George Town Festival and the international award-winning George Town Literary Festival.

In addition, sports events play a large role too in putting Penang on the world map. The annual Penang Bridge International Marathon held on the First Penang Bridge is popular around the globe among marathoners and sports enthusiasts. The Penang Dragon Boat Regatta and Penang International Dragon Boat Festival are as much a display of physical strength as it is a cultural spectacle.
